The annual MARE/MoK-8 Conference was a great success. There were some great speakers, breakout sessions and entertainment. On behalf of both the MARE and MoK-8 associations, I want to thank those that attended and participated in the program activities. We are already planning for another great conference in 2017.

Also a big Thank YOU to those that supported the MARE Scholarship Golf Tournament held on Wednesday before the MARE/MoK-8 Conference. Our player numbers were down this year, but those in attendance had a great time playing in the on and off light rain showers. We are evaluating the possibility of moving the tournament back to the Tuesday afternoon after the Commissioners Meeting in August. Please let us know if you have any thoughts or concerns?

School Board Training Dates:

At this time no training dates have been set until after the April 2017 Board Election. If you have board members still in need of training, please let us know and we will see if there is enough interest in different areas of the state.

Missouri Consultants for Education:

The August, 2016 policy/regulation/forms updates are currently available on the MCE website – <http://www.moconed.com> – For your convenience, access to the updates is located on the homepage under **“Updates”** section on the left side of the page.

Expect some additional updates within the next week that will cover policy changes needed following the recent veto session of the legislature.

Missouri School Directory 2016-2017:

As was indicated in the annual membership renewal, MARE is making a copy of the Missouri School Directory (last one published 2010-2011) available to each MARE member school district and associate member. These will be mailed out next week to district Supt.'s, that did not pick theirs up at a regional meeting or at the conference.

“RYH4K” (Amendment 3)

The MARE Executive Board is one of several organizations in Missouri that are opposed to the passage of the initiative – “Raise Your Hands for Kids.” The MARE organization very much supports the need for Early Childhood Education but has some serious concerns about some of the language found within this ballot issue and the effect its passage would have on rural school districts in Missouri.

“RYH4K allows the new tobacco tax funds to be sent to private or parochial schools. This is accomplished by using language which states that, *“Distributions of funds under this amendment shall not be limited or prohibited by the provisions of Article IX, section 8,”* This language is specifically designed to circumvent the Blaine Amendment, which is part of the Missouri state constitution.

It's About Big Tobacco's Profits, Not Kids. It seems unusual that Big Tobacco would support a tobacco tax increase. It makes more sense, however, when it is understood that Amendment 3 ALSO includes language to help major tobacco brands drive up the price of their low-cost competitors.

The extremely flawed Amendment 3 also creates a non-elected commission (no one from education associations) to manage and fund the Early Childhood Program with very little accountability. This creates a dangerous precedent for Missouri. Non-elected commissioners are not accountable to the voters and taxpayers of Missouri and may seek to promote their own private agendas.

RYH4K doesn't want voters to read the full measure. I encourage voters to do so.

Funding for early childhood education is very important, but should not be driven by Big Tobacco and other political interests. Remember both candidates for Governor as well as over 100 legislators have come out opposed to Amendment 3.

MARE Superintendent Search Services:

The MARE Association provides this service as part of its continued commitment to foster strong board/superintendent relationships and to enhance school district leadership in Missouri. Should your school district be in the early stages of a superintendent search for the 2017-2018 school year, the MARE search consultants would be happy to provide a search proposal.

The board of education will receive a customized service through collaborative work with the search consultant as well as designing the timeline to embrace the complete commitment to the search including, but not limited to: recruitment, screening, reference checks, scheduling and protocol for candidate interviews, planning meetings with the board and onsite visits.

For additional information, please contact the MARE office (660) 747-8050. Our team of search consultants this year are Dr. Mike Jinks, Dr. Paul Ricker, and Dr. Craig Eaton.
