

Califone headsets have been designed to meet the specific speaking, listening, and language development ELA standards while offering school-specific warranties that consumer products can't match.

HEADPHONES

EARBUDS

Califone earbuds are an affordable alternative for budget-constrained schools trying to meet daily classroom needs, new benchmark assessments and state testing requirements.

MODEL #	DESCRIPTION	MSRP	OUR PRICE
E1	3.5 mm plug	\$1.60	\$1.50
E2	3.5 mm plug	\$4.40	\$3.50
E3	3.5 mm plug	\$4.45	\$3.60

LISTENING FIRST

These exceptionally popular headphones for young students were designed with hearing safety in mind. Both students and teachers love the designs and primary colors and report a higher level of student engagement when they're used. The size and weight are "just right" for younger students.

MODEL #	DESCRIPTION	MSRP	OUR PRICE
2800-BL (BLUE)	3.5 mm plug	\$17.50	\$9.50
2800-RD (RED)	3.5 mm plug	\$17.50	\$9.50
2800-YL (YELLOW)	3.5 mm plug	\$17.50	\$9.50
2800-BKP (BLACK)	3.5 mm plug	\$17.75	\$9.50
2800BL-12	12 pack of 2800-BL (Blue)	\$264.80	\$158.00

EXPLORER

High-fidelity sound for quality voice and music delivery is the hallmark of Explorer headphones. Dynamic, thin Mylar® diaphragm speakers raise the bar for an educational computer headphone. Teachers and librarians depend on the Explorer for monaural use in ELL/ELS programs. Windows and MAC compatible.

MODEL #	DESCRIPTION	MSRP	OUR PRICE
EH-3SV	3.5 mm plug w/replaceable cord	\$23.20	\$13.75
EH-3SV-10L	10 pack of EH-3SV (without case)	\$218.40	\$140.00
CA-102	Replacement cord for EH-3SV	\$7.00	\$5.00

3068 SERIES

Dependable, durable, and tailored for the frequencies of the human voice, the frequency range of the 3068 is designed for learning instead of the wider band width used for music listening by consumer-oriented headphones.

MODEL #	DESCRIPTION	MSRP	OUR PRICE
3068AV	3.5 mm plug includes 1/4" adapter	\$19.50	\$12.00
3068AV-10L	10 pack of 3068AV (without case)	\$191.60	\$110.00
3068-12	12 pack of 3068AV (with case)	\$300.60	\$179.00

TITANIUM

Titanium headphones include the highest level of ambient noise reduction, which improves speech intelligibility. Built-in volume restriction prevents the sound level from exceeding the ASHA-recommended 85dB limit. Replaceable cords ensure long life for the headphones.

MODEL #	DESCRIPTION	MSRP	OUR PRICE
HPK-1040	3.5 mm plug	\$38.80	\$27.00
HPK-1000	USB plug	\$83.00	\$49.50

Special Notice for Chromebook/Netbook Users

The standard Chromebook/Netbook sound card is adequate for listening to content online, but recording speech (fluency training, assessments, etc.) requires a headset with a USB connector.

HEADSETS

EARBUDS

Califone earbuds are an affordable alternative for budget-constrained schools trying to meet daily classroom needs, new benchmark assessments and state testing requirements.

2800-BK-USB (BLACK)	USB plug	\$49.00	\$30.00

DELUXE MULTIMEDIA

There are two hallmarks of Califone headsets. The first is that they deliver high fidelity audio that also meets OSHA & the American Speech-Language-Hearing Association guidelines for hearing safety. The second is that Califone headsets are designed for rugged use by multiple students over multiple years. This particular headset is ideal for online learning, multimedia lab, or classroom uses. The noise-reducing earcups and boom microphone with individual volume control give students a comfortable and customized sound experience.

MODEL #	DESCRIPTION	MSRP	OUR PRICE
3066AVT	3.5 mm plug	\$49.50	\$29.50
3066USB	USB plug	\$55.00	\$41.00

3066USB-10	10 pack of 3066USB (with case)	\$613.00	\$380.00

TITANIUM

The Titanium headsets feature multiple breakthroughs in safety, performance, comfort and durability including the highest level of ambient noise-reduction available for today's students. Built-in volume restrictions, according to the ASHA-recommended 85dB, ensure that student hearing is protected. Replaceable cords extend the lifecycle of the headsets. Some are even 100% washable (without the cords) in soap and water.

ORDERING & TERMS / CONDITIONS

Califone® International, Inc. has been a leader since 1947 in the design, development and manufacturing of audio/visual and supplemental curriculum products for use in education and presentation settings.

There's a difference between consumer items made for music listening and those made for language learning. Consumer focused headphones are made for music listening with its higher range of sounds. While our headphones and headsets can also be used for recreational listening, they're designed to focus instead on the narrower frequency range of the human voice needed for language learning. It's as simple as choosing the right tool for the job. Califone is your powerful sound presentation solutions provider!

Call your Education Technology Partners consultant or visit us online at www.edtechpartners.com for more information.

ORDERING

Orders should be faxed to Education Technology Partners at (314) 569-0351.
