Missouri Association of Rural Education "23 years of Service to Missouri Rural Schools"

Our goal is to work in cooperation with all other education organizations, but our programs and effort will be designed to meet the specific needs of schools in rural Missouri.

Please copy and share this newsletter with board members and other school staff.

Kansas City Office: 9237 Ward Parkway, Ste. 240 Kansas City, MO 64114 816.333.1700 Fax 816.886.3860 www.gmmschoollaw.com

The choice of a lawyer is an important decision and should not be based solely upon advertisements.

Missouri Rural Water Association

You're in charge of your rural school's water supply. The state sent you a letter telling you the bacti samples from your school's water supply weren't taken last month and you need to do public notification.

You know about MAP testing but what the heck's a Bacti Sample?

MRWA can provide you with on-site help...at no charge!

MRWA offers on-site technical assistance to schools on water and wastewater problems at no charge via grant monies from USDA. We also offer:

- DNR Water and Wastewater Certification Hours
- Water leak detection and wastewater troubleshooting
- Training events throughout the state for your water and wastewater system operator
- Acceptance of DNR training vouchers
