Rural School Burglaries – Tips & Information – Some of our rural schools around the state have experienced recent burglaries. Here is some information shared by one of the district leaders.

Insurance has stated they are targeting small rural schools that are far from police or sheriff presence. The MO varies but they are looking for cash and not items it seems.

Recommendations

Whether doors and windows are locked or not, they are going to get in. They are using crowbars to bust glass and access buildings.

All cash should not be kept in files, drawers, cabinets or rooms. Cash money needs to be deposited daily to not reward their efforts.

Keys should be kept on persons and not in drawers, desks or hanging on the walls. Once they get a key, it becomes easier. No key means they just bust the glass to get in but may slow them down.

Even if you don't have a security system, some cameras can be set to report motion detection. MO is they enter late Saturday or Friday night and work through the building.

They are familiar enough with schools to search offices. Secretary, principals, superintendents and bookkeepers. They are spraying cameras to cover the lens. Consider a camera not ceiling mounted or discreetly located.

If you have a vault to keep gate boxes in, that is great but if not, those boxes, even if they lock, they are not stopping them. They pried a key lock box off the wall, used pry bars to break it open and did not take any keys just looking for money.

They wore masks, gloves and used flashlights and spray paint to cover cameras. Ours parked far away and walked through a field and wooded area to get to school. No vehicle present.

They tried to get through a window and didn't get through so they just found another way in.

2025 MARE/EdCounsel HS Senior Scholarships – MARE is pleased to announce and recognize the following scholarship award recipients. Scholarship recipients must be graduating seniors from MARE member school districts and have plans to become teachers. Special thanks to our partners, EdCounsel, LLC!

Elevate Conference Dates

Re: ELevate your impact at the ELevate Conference - now at two locations!

Get ready to be inspired! EducationPlus is hosting the **ELevate Conference in both St. Louis and Kansas City this year!** ELevate St. Louis will be June 3 & 4 at Ft. Zumwalt West High School and ELevate Kansas City will be held on Thursday, June 5 at the Kauffman Foundation Conference Center.

Experience dynamic keynote speakers, innovative breakout sessions and networking opportunities that will ignite new ideas and elevate your impact in the classroom. Learn best practices and gain new strategies for creating inclusive and effective learning environments. Learn more about St. Louis on the [ELevate St. Louis conference website](#) and Kansas City on it's [conference website](#).

This conference is for leaders, EL educators and content teachers who have EL students within their classroom. All can gain valuable learning experiences and practical strategies that can be applied to the classroom and their school communities. Attached are flyers with additional information for both conferences.

Don't miss this chance to collaborate, learn and grow with fellow educators. Reserve your spot today for [ELevate St. Louis](#) or [ELevate Kansas City](#).

Wastewater Testing Initiative in Missouri High Schools – Opportunity to Engage!

Subject: Wastewater Testing Initiative in Missouri High Schools

The Missouri Department of Health and Senior Services (DHSS) is launching a statewide initiative involving wastewater testing for opioids including fentanyl in Missouri high schools. Your school is invited to participate in this important program aimed at assessing the feasibility of a statewide initiative for opioid testing. Please refer to the attached fact sheet for additional details.

If you are interested in participating or have any questions, please reach out directly to Blake Clark at Mighty Good Solutions (MGS) via email: blake@mightygoodsolutions.com.

Thank you for your ongoing commitment to student health and community well-being.

For more information on this initiative, please access the link below.

Open Enrollment (HB 711) – HB 711 was voted out of the Senate Education Committee on Wednesday, April 16th. Three main changes were made – 1) Charter schools can now participate. 2) The cap was raised from 3% to 5% of kids that can leave. 3) Transportation requirement was removed. Our team in Jeff City has been told that this bill will be brought to the Senate floor for debate on Tuesday, April 22nd when the Senate reconvenes from the Easter break. We still have opportunities to defeat this damaging legislation. Do not get discouraged and give up the fight! **(At present, 256 school districts touching 453,781 student lives have passed opposition resolutions.) (New talking points were emailed out recently to MARE members!)**

More information will be posted on the website and appear in an upcoming MARE Focus. Our goal this year is 325 in attendance!

Missouri Arts Council Professional Development

As the arts education program specialist for Missouri Arts Council [MAC], I have been developing a new program of arts-centered schools called A+ Schools Missouri—it's part of a national consortium called A+ Schools Network. This model is focused on whole-school arts integration and transformation. MAC will provide the funding and personnel to train Missouri schools that meet the requirements through an application process.

Briefly, this is ongoing and intense professional development that builds competencies in 8 areas (the A+ Essentials): arts, infrastructure, curriculum, climate, collaboration, multiple learning pathways, experiential learning, and enriched assessment. The result [over 30 years in established network states] is higher levels of engagement, achievement, and overall satisfaction of both learners and teachers.

I have information sessions this spring: Wednesday, April 23, at 4 PM, and Thursday, April 24, at 8:30 AM. Please share this registration link with school leaders in your region:

Tobacco-Free School Policy Survey

Need Help with Student Vaping or Tobacco Use? Speak Up for Your Schools!

More youth are vaping than ever before! Speak up about your schools' needs and challenges with student vaping and tobacco use by completing the highly recommended Tobacco-Free School Policy Survey! The results will inform the creation of resources to better support schools statewide. The Missouri Department of Health and Senior Services (DHSS) Tobacco Prevention and Control Program (TPCP) and Missouri State University (MSU) Ozarks Public Health Institute (OPHI) created the voluntary survey to identify the needs of schools in implementing tobacco-free policies and addressing student tobacco use. MSU OPHI emailed the confidential survey to superintendents. It can also be completed by clicking [this survey link](#) or scanning the QR code below. Please have the person who can most easily answer the questions complete the survey. If you have any questions, contact DHSS TPCP at motobaccoprogram@health.mo.gov or 573-522-2820. Thank you for taking the time to complete this crucial survey for the health of Missouri's students and schools!

Welcome Moberly School District – MARE is thrilled to welcome Moberly back as a school district member! With Moberly in the fold, our membership stands at 424.
