Comprehensive Online Resource for CTE Educators & Students

iCEV's curriculum was created with educators and students in mind. With iCEV's innovative, learning-on-demand platform, educators have access to pre-built, fully customizable courses, complete with multimedia lessons and supporting coursework.

- 
Versatile Learning
 Customize student learning with a variety of options including face-to-face classroom instruction, distance and hybrid learning models.
- 
Standards-Aligned Curriculum
 Ensure your learning objectives and the assessments of those learning objectives are aligned to the latest state and national standards.
- 
Interactive Coursework
 Engage your students and easily distribute class assignments with automatically graded interactive materials.
- 
Professional Development
 Confidently implement iCEV with initial and continued support from our dedicated team of curriculum consultants. Free and flexible options empower you to effectively deliver iCEV's digital learning curriculum.

“As soon as you get a book, it's already out of date. One of the things I like about iCEV is, as soon as there is a change, they've already incorporated it into their program.”
Adam Rogers
 Oklahoma City Public Schools
 CTE Technology Resource Coordinator

Industry Certifications

Industry certifications, tested for on iCEV, are issued by industry leaders, validate industry-recognized standards, allow employers to connect with skilled candidates and jump-start individuals' careers. *Certification exam preparation materials are available through the iCEV platform.*

Make the Most of Your Budget

- Vast Library of Multimedia Content**
 Gain unlimited access to iCEV's online Career & Technical Education curriculum library. Everything we've ever created and new exclusive content included in one subscription.
- Keeping You Current**
 iCEV's online platform is constantly evolving to adapt to future educational standards and new technologies. Weekly updates to iCEV are communicated in our newsletters.
- Multiple Courses Per Teacher**
 Replace all those costly textbooks. One site subscription includes enough content to teach a range of courses.
- Perkins Approved**
 Perkins funding can be applied to your iCEV subscription purchases, freeing up valuable resources for other needs.

Technology Anyone Can Use

- LMS & SSO Integration**
 iCEV integrates with Google Classroom, Schoology, Canvas, Blackboard, Moodle and more to simplify the login process, access to course content and grading.
- Everything in One Place**
 iCEV lesson pages consist of media-based lesson content, premade lesson plans and ready-to-use supplemental materials.
- Easily Track Grades**
 iCEV's online coursework is automatically graded and logged, allowing you to track progress by class, lesson or student.
- Meet Technology Requirements**
 Prepare students for a future in today's technology driven marketplace with our online environment.

Agricultural Science

Advertising & Sales Promotion	Food Technology & Safety
